## WHY PRIVATE ENTERPRISE?

A leading industrial spokesman recently declared that: "Unless the tax laws are modified to take into account rehabilitation needs and creation of reserves, then when the war is over there are going to be many distressed plants." The same opinion has been repeated time and again. But the men who have expressed it invariably make one grave mistake. They expect the public to be concerned over "distressed plants," before they hammer home the eternal truth that the public actually has a greater interest in the plants than the owners, for the very simple reason that such plants contribute to private employment, stable prosperity, and are essential to the operation of representative government.

No one cares particularly what happens to industry from the standpoint of industry itself. But everyone should care immensely what happens to industry once it is clearly understood the part industry—free, private industry—plays in maintaining an economic and political system which guarantees liberty and equal opportunity to the individual citizen.

Private industry is the primary source of jobs. It keeps the door of opportunity open to millions of American citizens. It rewards those who work and produce. It does not interfere with political convictions. As a result, our people are the most independent people in the world. They will retain their independence only if they retain private industry.

Due to the war, nearly one-fifth of the productive capacity of this country is now owned outright by the government. In plain words, a fifth of industry is already socialized. When the war is over this area of socialism will either expand or be gradually replaced by private ownership. If it is not replaced by private ownership, the American people will eventually lose their freedom. They will work for a single monopolistic employer, the government. A gang of bureaucrats will demand political allegiance as the price of a job.

The public must eventually recognize these truths, just as it must recognize that when a plea is made by a business man in favor of post-war rehabilitation reserves, he is talking about something that involves the future of the nation—not just an industry bank book.

## Popeye Plus

By Frances Lee Barton

OLD Popeye eats his spinach clear.

It fills him full of vim.

We follow suit, but for a change we dine like Uncle Sam. On spinach dishes so enriched they suit our every whim.

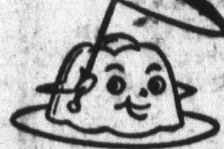

**Spinach Ring**  
2 tablespoons butter; ½ cup quick-cooking tapioca; 1½ teaspoons salt; 1 cup milk; ½ cup grated American cheese; 2 tablespoons minced onion; 2 eggs, well beaten; 1 cup drained cooked spinach, finely chopped; 1 cup grated raw carrots; 1 teaspoon vinegar; ¼ teaspoon dry mustard; dash of pepper.

Combine butter, tapioca, salt, and milk in saucepan. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. Add grated cheese, onion, eggs, spinach, carrots, vinegar, mustard, and pepper. Mix thoroughly. Turn into well-greased ring mold. Bake in hot oven (400° F.) 50 minutes, or until firm. Unmold and fill center with creamed fish, left-over meat, or mushrooms. Serves 6.

## For That "Party" Meal

By Frances Lee Barton

HOT weather means porch parties, lawn parties, family meals beneath the shade trees and kiddies' parties in the orchard or on the veranda.

Dessert? Of course! Nothing elaborate is necessary but a simple chilled dessert certainly adds the final touch to any of these meals. Here's the most economical "party" dessert imaginable. But it's tasty. Serve it to the children and see how they react:

**Zippy Cola Mold**  
1 package cola-flavored gelatin; 1 cup hot water; 1 cup carbonated water.  
Dissolve gelatin in hot water. Cool slightly. Then add carbonated water. Turn into mold. Chill until firm. Unmold. Serves 4 to 6.

"Date Conscious"?  
You'd Better Be

Here is a list of those ration dates, which make calendar-watchers of all local housewives, motorists, or, in fact, anyone who wishes to eat, drive his car, or buy an occasional pair of shoes.

June 16—stamp 18 in War Ration Book One became valid for purchase of one pair of shoes.

July 31—red stamps P, Q, R, and S expired. T, however, will be valid through August 31.

August 1—blue stamps R, S, and T became valid. Good for purchase of processed foods through September 20.

August 1—red stamps U became valid; good through August 31.

August 7—blue stamps N, P, Q expire.

August 8—red stamps V become valid; good through August 31.

August 15—stamp 13 in Book One good for 5 pounds of sugar, expires.

August 15—red stamps W become valid; good through August 31.

August 31—red stamps T, U, V, and W expire.

August 31—deadline for inspection of tires, C book holders.

September 20—blue stamps N, P, and Q for processed foods expire.

September 21—last day to use "A" book coupons No. 7 for 4 gallons of gasoline.

September 30—tire inspection deadline for A book holders.

October 31—last date to use stamps Nos. 15 and 16 in Book One, each good for 5 pounds of canned sugar.

October 31—shoe stamp 18 (in War Ration Book One) expires. October 31—tire inspection deadline for B book holders.

Coffee has left the ration list altogether, so civilians may now face the rest of the ration news each morning with at least two cups of coffee between themselves and the hard world of reality.

Are you entitled to wear a "target" label button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

## CLOSE MONDAYS

The workroom will continue to be open Wednesdays and Fridays from 10 a. m. to 4 p. m. and volunteers are eagerly invited to participate. Resumption of the Monday meetings will be announced in the fall.

Do you read  
the "papers"?  
?

Certainly, everyone reads the "papers" for latest news, these days. But does your copy of the papers include local news of your neighbors, your city government, your home defense efforts, announcements by YOUR stores?

Not unless you read The Daly City Record, it doesn't. For San Francisco news is not Daly City news. Tax rates, civilian defense regulations, city government news (even county government news) from San Francisco do not apply in Daly City. You won't find your school news, organizational activities, etc., in San Francisco newspapers.

## SAFeway Homemakers' Guide

### Midsummer garden plates

Now's the time of year to take a careful look at the fresh vegetables on the market, for varied menu inspiration. The ways you can serve these garden treats are almost limitless—and they do wonders for lazy appetites.

**COMBINATION SALAD PLATE**—A whole meal on one plate! Arrange shredded greens on large plates. Lettuce, other salad greens, or crisp, raw spinach may be used. In the center of each plate, place large tomatoes, hollowed out and filled with chopped egg, meat or chicken salad. Around the tomatoes, arrange a circle of chilled, cooked peas, then another circle of sliced, pickled beets. Pass the salad dressing separately. Hot cheese biscuits or toasted cheese sandwiches are delicious with this. And custard or pie fits in well for dessert.

**MIDSUMMER PLATTER**—At one side of a large, heated platter, place pastry shells filled with creamed, sliced, hard-cooked eggs and peas. In separate groups place mounds of sauteed shredded cabbage, broiled tomato halves and broiled fresh peach or apricot halves. Serve with toast or crackers, and follow with a fruit bread pudding.

**HOT WEATHER SALAD PLATE**—Place in separate lettuce cups, a generous serving of potato salad, chopped cooked beets and cottage cheese, and cooked green string beans. Garnish with cucumber and carrot strips. Serve your favorite dressing separately, and pass a plate of oven-hot muffins. Apple pie and cheese will polish this meal off.

**GOLD AND GREEN SUMMER PLATTER**—Starting on this menu is fresh corn shodue with chopped parsley topping. Accompanying are carrot slices in spinach nests and buttered, sliced, yellow squash. Serve relishes separately, and follow with fresh fruit in whipped gelatin.

**GARDEN PLATE ARRANGEMENTS**—Keep foods on garden plates either hot or cold. If you mix hot with cold, they all will be tepid. For hot plates, serve the salad or relishes separately. For rather juicy offerings, serve them in other vegetables, such as tomato cups, squash halves, lettuce cups, or cucumber boats. This will keep their juices from becoming too chummy with the other foods.

You'll find more delicious food ideas in Julia Lee Wright's article this week in Family Circle Magazine. It is entitled Victory Garden Specials . . . and real specials they are, too. Get your copy from your Safeway today.

# THE AIRCRAFT WARNING SERVICE

IS AN ESSENTIAL PART  
OF THE U. S. ARMY AIR FORCE

This winged emblem is the official insignia of the Aircraft Warning Service. You will notice that it has the "U. S. Army Air Forces" lettered on it. Civilians who play it are a real part of our Air Forces.

150,000 loyal civilians know that Posts of the AWS must be filled. The job must be done by either civilians or by fliers or soldiers badly needed at our battle fronts. AWS volunteers release men and equipment for fighting duty.

The AWS volunteer is correct in assuming that he releases many planes to the fighting front. If it weren't for the AWS we would need far more fighter planes on the Pacific Coast than we now have, in order to do the same job.

"Seventy-five families depend on me" is what each AWS volunteer can truthfully say. Reliable statistics show that each person serving on a Ground Observation Post in a Filter and Information Center is responsible for seventy-five homes as his share of protection.

# COOPERATE WITH THE AIRCRAFT WARNING SERVICE

## A FEW OTHER FACTS ABOUT THE AWS:

The Ground Observer Corps is that part of the Aircraft Warning Service that reports the flight of all aircraft over the landward areas. Loyal Americans, especially those in smaller towns, can usually find an Observation Post near their homes on which to serve.

The Aircraft Warning Corps is that part of the Aircraft Warning Service that receives and evaluates all reports about the movements of aircraft. There is a constant need for volunteers to join the Aircraft Warning Corps.

There is important work for *everyone* in the Aircraft Warning Service . . . father, mother, sister, and brother. Even the physically handicapped can serve. The training is brief, interesting, and educational, after which you devote only a few hours a week to a vital job.

\*\*\*\*\*  
Many additional workers are needed *NOW* to man the hundreds of military installations in this vital area. Get into this select corps of unsung heroes and heroines who are protecting our vital American frontier.
